

re·sil·ience (noun)

1. the capacity to recover from difficulties; toughness.
2. the process of adapting well in the face of adversity, trauma, or significant sources of stress

Pass the hat at your I-Group, Society Circle, or Men's Circle for the s Help us thrive through 2022 by making a contribution to the MKP US Fund.

In 2020 and 2021 MKP USA faced an incredible challenge - we were unable to hold NWTAs and Face to Face activities. Thanks to men's generosity, over \$100,000 was raised through our emergency fund. This has been enough to help get us through.

Going forward we face uncertainty. We most likely will resume some face to face trainings in the fall of 2021 and early 2022. However, we know there will be fewer NWTAs on the calendar; and to keep them safe, they will likely be smaller, with fewer staff and participants. There may also be hot spot recurrences that cause some to cancel.

To prepare for 2022 we created a resilience fund. The resilience fund will ensure we face any challenges in 2022 and provide necessary resources for continued growth.

Please consider doing what you can, as a man amongst men, and/or with your fellow Brothers and Sisters, taking action together!

Please Donate to [The MKP Resilience Fund](#)

PS: Special thanks to the Sage Talisman I-Group who donated a portion of their unused treasury and initially came up with this idea. Please fill out your I-Group's name on the Resilience Fund contribution page, so we can honor you.
